2. Region: MARO

3. Eligible service providers participating in waiver and affirmation that they are in good standing:

The Puerto Rico State Agency requests this waiver for CACFP MONITORS Employed by PRSA-DE

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(I)(2)(A)(iii) and 12(I)(2)(A)(iv) of the NSLA]:

Many institutions remained closed due to the COVID-19 emergency since March-2020, causing an interruption in the CACFP monitoring cycle. USDA has already approved to PRSA a waiver for any review not completed in FY 2021 it would be prioritized in the next Program year PY2022. In addition, any review not completed in PY 2020 has been prioritized in PY2021. Although we have made our greatest effort preparing guides and procedures to carry out Desk Reviews, we have not been able to complete all the reviews as planned because many institutions remained closed and recently have begun to reopen in August and September 2021, this has caused a backlog of reviews for FY 2022 cycle. We have a total of 73 monitoring reviews without counting the reviews to their facilities and new sponsors that are in the process of completing applications.

Under Program statute, State agencies are required to conduct one scheduled visit of CACFP Institutions at not less than 3-year intervals. Regulation **7 CFR 226.6(m)** requires State Agencies to Annually review at least 33.3% of all institutions according to the schedule and in case of Sponsor Organizations **Part 226.6 9(m)(6)(i)** requires including reviews of 10% of their facilities.

PRSA-DE is requesting a waiver of the requirements for number of facilities that should be review when reviewing Sponsor Organizations, the regulation requires a 10%. **PRSA-DE proposes a reduction of the required percentage establishing a 3% when reviewing facilities in Sponsor organizations. This will shorten the number of days established to complete an Administrative Review, giving us the opportunity to complete the 73 scheduled Reviews.**

5. Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(I)(2)(A)(i) of the NSLA]:

Regulations at 7 CFR 226.6(m)(6)(i) Specifically to waive the required 10% reviews of facilities in Sponsor Organizations of CACFP and establishing a 3% for the FY 2022 Review Cycle.

6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

PRSA has developed guides to perform Desk Reviews using Microsoft Teams and reviews to facilities are being carryout in person, to have better overview of the food service operation. Lowering the % of review facilities will help minimize potential exposure to COVID-19 for State Agency Staff a CACFP participants, maintaining the program oversight and integrity.

We have already updated our technology systems to assure that the desk reviews could be perform using the different tools provide to our staff. We have also trained both, staff, and sponsors in the use of the new technology to carryout CACFP reviews.

7. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(I)(2)(A)(ii) of the NSLA]:

No regulatory barriers at State Level

8. Anticipated challenges State or eligible service providers may face with the waiver implementation:

We do not anticipate any challenges for the CACFP staff except a very heavy workload.

9. Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(I)(1)(A)(iii) of the NSLA]:

PRSA does not anticipate an increase to Program Cost

10. Anticipated waiver implementation date and time period:

The anticipated waiver implementation is effectively immediately and until Sept. 2022.

11. Proposed monitoring and review procedures:

The State Agency will continue to carry out current program monitoring and review procedures as directed by USDA. We will maintain a monthly tracking of sponsors to prioritize their audits as they start to operate. Sponsors found to have noncompliance issues will work with the State agency on an individualized corrective action plan and monitors will conduct follow-up reviews scheduled as needed to ensure ongoing compliance.

12. Proposed reporting requirements (include type of data and due date(s) to FNS):

PRSA-DA will report at the end of FY2022:

- Number of Sponsors operating
- Number of desk audits and facilities review for FY2022
- Update of FY 2021 monitoring calendar
